

PZC: Second Meeting, Subcommittee on Infrastructure
Thursday, February 21, 2013
Council Chambers
Audrey Beck Building
Storrs-Mansfield, CT

Present: Kay Holt, Alex Marcellino, Ken Rawn
Absent: Peter Plante

The meeting started at 2 PM. No Chairman was elected. Kay Holt volunteered to take the minutes.

The committee reviewed the list, "Prioritized Mansfield Walkways Worksheet, dated October, 2012", that was compiled by the Mansfield Traffic Authority (MTA) and passed out to committee members at the first meeting last week. We compared this MTA list to the 2011 Zoning Map, to ascertain which list items, mostly sidewalks, were in compliance with the zoning map.

We used two criteria in our review:

1. areas of high density as indicated in the zoning map, and
2. areas with especially heavy pedestrian and bicycle use.

For the majority of items on the MTA's list, we agreed with their list of locations and "priority rankings". However, we decided that some sidewalks should be adjusted in length, some eliminated and a few should be added to the list, based on our criteria.

At our next meeting, we plan to review our decisions and to rank all the proposed items, in preparation for our presentation to the PZC and ultimately to MTA.

Next meeting: Thursday, February 28, 2013, at 2 PM in Room "B".

Meeting closed/adjourned at 3:30 PM.

Respectfully submitted,
Katherine (Kay) Holt
